

Letter of Recommendation

3/1/11

From: Richard L Von
Construction Manager, Sees Candies, Inc.
310 287-4616

This letter is to affirm Tidalwave Enterprise, inc. as a construction company worthy of your consideration.

I am writing a reference letter for Tidalwave Enterprises; over the past 4 years I have had the pleasure of working with George and Brian on several projects. The first thing that comes to mind is dedication. Brian and I have worked very close on most of the See's shops in my trade area. I handle all aspects of the build out, starting with the design, floor plan and over all layouts. Down to permit submittals, bidding, and construction. To handing the keys over to operations.

Change orders are low. In today's economy that is a big plus.

One of the most impressive things about Tidalwave is that they have given me most of my shops early. I get a great build out, See's gains a few extra sales days. So far, George and his company have made me look good. It's nice to see quality of workmanship still means something.

I have been in construction for 25 years. I started in the trades and learned from the old school guys who always had that, lets get it done and to the best of our ability mentality – this sums up my experience in working with Tidalwave.

If you have any questions that I may answer for you, please don't hesitate to contact me. I can be contacted according to the information at the top of this letter.

Best regards,
